SUMMARY

Motivated and detail-oriented frontend developer with a solid foundation in HTML, CSS, and JavaScript. Passionate about creating responsive, user-friendly web interfaces and improving user experience through clean design and efficient code. Currently expanding skills into full-stack development with a focus on backend technologies like Node.js, Express, and MongoDB. Committed to continuous learning, building real-world projects, and becoming a well-rounded full-stack developer.

TECHNICAL SKILLS

Frontend Development:	Version Control & Tools:	Currently Learning (Full Stack):
HTML5, CSS3, JavaScript,	Git, GitHub, VS Code, Chrome	React.js, Node.js, Express.js,
Responsive Design, Flexbox, CSS	DevTools	MongoDB
Grid, DOM Manipulation, Form		
Validation		

PROFESSIONAL EXPERIENCE

Project: Expense Tracker

Built a responsive web app using HTML, CSS, and JavaScript to track personal expenses. Features include adding/deleting items, total calculation, and persistent storage using localStorage. Styled with a modern dark UI and optimized for usability.

Project: To-Do List Web App

Developed a responsive task management tool using HTML, CSS, and vanilla JavaScript. Features include task creation, deletion, completion toggling, and data persistence via localStorage. Designed with a modern dark-themed UI for enhanced user experience.

Weather App - Vanilla JS, HTML5, CSS3

Developed a clean, responsive weather app using vanilla JavaScript that fetches real-time data from OpenWeatherMap API. Implemented city search, dynamic weather display, and error handling using Fetch API and async/await. Demonstrates strong core frontend skills in HTML5, CSS3, and JavaScript without frameworks.

EDUCATION

Patliputra University | Patna, Bihar

Master of Computer Applications (MCA)

Expected 2026

Maulana Mazharul Haque Arabic & Persian University | Patna, Bihar

Bachelor of Computer Applications (BCA)
